Editor & Publisher: Don Miller ----- 1 April 1970

Postal Diplomacy Games (all Regular): THIS is war!!!

PUC(1968C)(Misc.)(pg 3)	QAC(1969CA)(Su03)(pg 5)	

The Players -- No CoA's since last issue.

Replacement Players -- Because of the many misses apparently caused by the postal strike, new list is again postponed, this time to P-62. Moves needed nextish from Hal Naus (PQC, GER; PXC, GER; PZC, FRA), Ritchie Dean (PQC, ITA, QBC, FRA), and Larry St. Cyr (QAC: ENG). Reiter and Inman, in particular, had better get their moves in by April 21....

The Gamesmaster -- For all games, Don Miller, 12315 Judson Rd., Wheaton, Md., 20906. (Ph. 301-933-5417; call only on Mon. or Thurs., between 9 & 10 p.m., EST.)

The House-Rules -- As published in DIPLOMANIA #26. These are mandatory.

New Games -- In DIPLOPHOBIA, Regular game QEC (Gemignani, Brooks, Wells, Caplan on roster to date -- all but Gemignani owe game-fees, payable immediately); in LETHE, no openings; in HYDROPHOBIA, Variant game FNI (Scotice Scripti; rules, revised from those originally appearing in LOMOKOME, and map were pubbed in DPMA #28; five people paid (Linden, Brooks, Gemignani, Reiter, Grayson) -- 3 more needed so game can begin -- where are all you Irishmen, Scotsmen, Welshmen, and kindred spirits? This is your game, so how about joining in? In THE EXCHANGE, QEC "Stock Market" Bourse is now open; please sign up again, even if you have already signed up before, so we'll be sure to have you on roster. In AUX ARMES!, replacements are needed for FRANCE and JAPAN (especially the former), and for future drop-outs; also needed are new "Off-Board" nations, and revolutionaries, for the awesomely-complex game of Hypereconomic Diplomacy. And Paratime I is also open (magazine not yet named).

Fees (payable at time of application): QEC & FNI, \$5 each (with \$1 discount if currently playing in 'zine in which new game is being offered, another \$1 off if Regular member of Games Bureau for 1970, and another 50¢ off if current IFW member; Games Bureau Regular membership is \$1 per calendar year, from Don Miller, and entitles you to various discounts, receipt of THE GAMESLETTER for one year, etc.). In AUX ARMES!, all positions are \$1 (plus subs to 'zines involved if desired). Paratime I is \$5 (no discounts). Bourse and replacement positions in DPBA & HPBA are free if you receive the 'zine via playing, subbing, or trading.

Miscellaneous -- The massive pile-up of opinions concerning the deadlines is truly astounding! Out of the three 'zines (HPBA, LTHE, and DPBA) in which we polled the players, we have an overwhelming mandate of 2-1 in favor of the current 3-week deadlines (Schelz and Welsh in favor, Gemignani against). So, except for one person (Margaret), it would appear that everyone is satisfied with the current deadlines. So then what is the problem? Why so many missed moves in the past couple of issues? If it isn't too-tight deadlines, then what is it? Speak up now, while you have the chance, people, and let us know what's troubling you. ##### We are concerned about having to postpone so many games because of the mail strike. We considered keeping the games moving, ruling the strike was an "act of God" situation, but decided against it this time. However, if wildcat mail strikes become commonplace in the future, we obviously can't keep delaying games because of them. You, as players, have many ways to protect yourselves against missed moves -- sending us a set of General Orders (and keeping them up to date) being only one. So

Propaganda --

Berlin -- To say that Berlin is a city of despair today is an understatement foolish to behold. The average citizen of this city is desperately afraid that last winter's troubles in Turkey mean the end of all hope for Germany. One of the shopkeepers I talked to along the Wilhelmstrasser was pretty typical. "As long as the Turks were keeping up with the French, there was a chance that once they saw the long-range intentions of the French, there would be a chance of defeating them. But now, it looks like they're going to let the French take over the Reich, and the whole of Europe as well." Nowhere have I discovered a German who considers it even slightly possible that some day soon the Turks will not "come to their senses". No one listens to news of the Western Front any more. The Reichswahr is hanging on there, pouring all the troops they can into the trenches, but no one cares. It's the East, where the Turks are, that excites interest. Everyone looks for a sign that they're moving into position. Now many think it will never come.

Yesterday I met a young man in a Reiches Luftwaffe uniform. His name, he said, was Bayard, a Britisher though, who transferred to the German forces after the disastrous campaigns in Britain. He spoke with a rather strange accent, a kind of flat, American sort of German, with many Scandinavian idioms. He gave me a manuscript which he calls "The Rise and Fall of the Third Reich", a fictional work in which a madman comes to power in a German Republic of some strange parallel world, a Germany finally defeated by the combination of the United States of America and a Communist Russia. He says the book was written twenty years ago, and yet he claims that "the author" predicted the present state of the war then, and with amazing accuracy. He, too, predicts conflict between the giants; his USA and "Soviet Russia" fall out in a partially written (again, nearly twenty years ago) sequel, "The Cold War".

Mr. Bayard's Maunscripts will be serialized here in the LONDON TIMES in the near future.

Strangely, in recent weeks there have been rumors here of a "Russian Federated Socialist Republic", headed by a man named Leon Trotsky -- rumors which reached here only days ago. Apparently this Trotsky overthrew one of the Grand Dukes ruling in Siberia, outside the Turkish, Chinese, and Japanese spheres, and has, at least in rumor, expanded his domain to include most of Siberia. He is said to be marching on Moscow.

--The Germans will go to any length to grasp at straws.

--A Robert Kirkbrite Reuters Report

Deadline for F'14 moves (No SUM retreats) -- Noon, Tues., April 21.

PQC (Regular Diplomacy Game #10) -- KAISER, POPE STILL MISSING, AS COUPS ARE THREATENED IN BOTH THEIR NATIONS!

The Players -- No orders received from Inman (GER) and Reiter (ITA). However, in light of the postal strike, we will give them one final chance. If their S'12 moves are not in by April 21, they will be replaced (Inman by Naus, and Reiter by Dean). Therefore, Hal Naus and Ritchie Dean are requested to send S'12 moves for, resp., GERMANY and ITALY. (We hope they'll not be necessary....)

PRC (Continued) --

AUTUMN, 1911 retreat -- GER (Inman? Made by Naus): A Ber (R) Kie.

WINTER, 1911 build -- A-H (Beyerlein): (B) A Vie.

Deadline for S'12 moves (rec'd only from A-H & FRA): Noon, Tues., 21 Apr.

PRC (Regular Diplomacy Game #11) -- WAR DELAYED BY COMMUNICATIONS BREAKDOWN!

GM Note -- We have a request from one of the players for a postponement of the FALL, 1911 deadline to allow sufficient time for diplomacy (postal strike shortened time available); also, one player's moves (Schelz), undoubtedly affected by the aftermath of the N.Y. strike, are not yet in. Therefore, F'11 deadline is postponed one issue.

Deadline (revised) for FALL, 1911 moves -- Noon, Tues., April 21.

PTC (Regular Diplomacy Game #13) -- WAR CONTINUES, IN SPITE OF STATEMENTS BEING MADE BY ALL SIDES IN FAVOR OF PEACE!

GM Note -- Although no moves have been received from Halle (GER), we're going ahead and publish the S'11 moves. His missing the deadline was probably caused by confusion surrounding the impending draw. All 4 players agreed to a draw, but FRA wants to eliminate ITA first -- which might not be so easy to do.... So the game will go on until it is either ended by a victory or by another round of "draw" statements all agreeing to end the game at the same point.

SPRING, 1911 moves --

FRA (Naus) -- A Rom (H); A Pie (H); A Bur (H); A Par (S) A Bur; A Pic (S) A Bel; A Bel (S) F Hol; A Ruh (S) F Hol; F Ion-Aeg; F Adr-Ion; F EnC-NtS; F Hol (S) A Bel; F Den (S) F Swe; F Nwy (S) F Swe; F Bar (S) F Nwy; F Swe (S) F Den; F Apu (U). GER (Halle) -- A's Tyo, Ven, Tri, Boh, Mun, Sil, Kie, Lvn, StP, Gre, Bul, Ank, Fin (U); F's Ber, Bal (U).

ITA (Von Metzke) -- A Smy-Arm.

RUS (St.Cyr) -- F Con-Smy.

Propaganda --

Constantinople -- Czar St. Cyr of Russia (in exile) agreed today to an official cessation of hostilities between Russia (in exile), Germany, and France.

Deadline for F'11 moves (no SUM retreats) -- Noon, Tues., 21 April.

PUC (Regular Diplomacy Game #14) -- ANOTHER WAR DELAYED BY COMMUNICATIONS BREAKDOWN!

GM Note -- No orders have been received from McConnell (ENG), Inman (FRA), Johnson (ITA), and Reiter (TUR). Whether these persons missed because they forgot, or because of the postal strike, is unknown; therefore, they get the benefit of the doubt, and another chance. But don't miss this time.... S'09 orders are on hand for TURKEY from Hal Naus; therefore, Dick Reiter, unless you get your orders in by April 21, you will be replaced.

Deadline (revised) for SPRING, 1909 moves -- Noon, Tues., April 21.

Deadline for SPRING, 1910 moves -- Noon, Tues., April 21.

PXC (Regular Diplomacy Game #17) -- STRIKE HAMPERS COMMUNICATIONS, CAUSES POSTPONEMENT OF END-OF-YEAR RECRUITING!

GM Note -- No orders have been received from Reiter (GER) or Johnson (TUR). Whether these persons missed because of the postal strike or for other reasons is unknown; therefore, they get the benefit of the doubt, and another chance. Hal Naus is asked to resubmit AUT retreats for GERMANY (Hal, there are three retreating units); he will take over if Reiter fails to get his orders in by Apr. 21.

Deadline (revised) for AUT'09 retreats (GER: A Bel; A Ven; A Gal) and W'09 builds (FRA: one; TUR: one) -- Noon, Tues., Apr. 21.

PYC (Regular Diplomacy Game #18) -- MAMMOTH CONVOY FAILS AS FLEET IN BARENTS SEA MUTINYS, REFUSES TO PICK UP ARMY!

The Players -- Larry St. Cyr has replaced Dick Reiter as ITA.

SUMMER, 1909 retreat -- ITA (St.Cyr): A Rom (R) Apu.

FALL, 1909 moves --

Supply Centers held at end of F'09 (no AUT retreats) --

ENG -- Nwy, Ven, Tun, Bre, Mar, Par, Por, Spa, Bel, Hol, Mun, Den, Edi, Lvp, Lon, Nap, Rom (may build two units). (17)

ITA -- Nap, Nyl (remove two units). (0)

RUS -- Ank, Con, Smy, Bul, Gre, Rum, Ser, Bud, Tri, Vie, Mos, StP, Sev, War, Swe, Ber, Kir (stands pat). (17)

WINTER, 1909 builds/removals -- ENG: (B) F Lon; (B) F Edi; ITA: GM (E) A Apu, F Adr.

Positions at end of W'09 -- ENG: A's Wal, Bel, Pie, Ven, Rom; F's Ion, Nap, Tyn, Lyo, WMe, Mid, Iri, Lon, Nts, Edi, Nat, Nwg (17); ITA: None; COG; RUS: A's Mos, StP, War, Ukr, Ruh, Tyo, Tri, Ser, Gre, Bul, Rum, Smy, Arm; F's EMe, Aeg, EnC, Bar (17).

GM Note -- Sorry about that! If you'd like to try again, we'll need new moves for SPR from RUS, but ENG can (unless he wishes to change something) if he wishes just say "ditto" (and add orders for newly-built F's Lon & Edi).

Deadline for S'10 orders -- Noon, Tues., April 21.

PZC (Regular Diplomacy Game #19) -- ATTEMPTED COUP REPORTED IN FRANCE! OUTCOME UNCERTAIN BECAUSE OF COMMUNICATIONS HANG-UP!

The Players -- Dick Reiter (FRA), because of the postal strike, we are giving you the benefit of the doubt and not counting your failure to send in W'08 build orders as a miss. But be warned -- if you fail to get your S'09 moves in by Apr. 21, you will be replaced. Hal Naus, pls. send in S'09 moves for FRA.

WINTER, 1908 Builds/removals -- ENG (Greene; by Stand-By player at request of Greene): (E) F Edi; FRA (Reiter? By Naus): (B) A Par.

Positions at end of W'08 -- ENG: A Yor; F Lon (2); FRA: A's Par, Bur, Ruh, Kie, Nwy; F's Nat, Nts, Lvp, Por, EnC (10); ITA (Rosamilia): A's Mar, Pie, Ven, Tyo, Mun; F's Naf, Lyo, Spa(SC); TUR (R.Johnson): A's Gre, Bud, Boh, Sil, Ber, War, Ukr, Mos, StP, Fin; F's Bla, Ion, Tyn, WMe (14).

Deadline for SPRING, 1909 moves -- Noon, Tues., April 21.

QAC (Regular Diplomacy Game #20) -- WAR SLOWED BY COMMUNICATIONS DIFFICULTIES!

SUM, 1903 retreat -- A-H (Dean): A Gal (R) Sil.

GM Note -- No F'03 moves were received from Inman (ENG), O'Hara (RUS), and Cowan (TUR). Whether these persons missed because of the postal strike, or whether they just forgot is not known; therefore, they get the benefit of the doubt, and another chance. But better not miss again.... Bill Inman, if F'03 moves are not received from you by April 21, you will be replaced. Larry St.Cyr, pls. send F'03 moves for ENGLAND, in case....

Deadline (revised) for FALL, 1903 moves -- Noon, Tues., April 21.

QBC (Regular Diplomacy Game #21) -- WAR DELAYED BY COMMUNICATIONS CRISIS, ABDICATION OF KING OF FRANCE!

The Players -- Dave Johnston (FRANCE) has resigned because of job-related pressures. No. one Stand-By Replacement Player, Ritchie Dean, is requested to take over fortunes of FRANCE for remainder of game, beginning with SPRING, 1903 moves. If any player would like deadline extended beyond April 21 to allow for extensive diplomacy with new French player, please let GM know as soon as possible.

GM Note -- Dave left no SPRING, 1903 moves for FRANCE when he resigned. Besides needing moves for FRANCE for S'03, we also need moves from Schelz (A-H), Grayson (GER) and Caplan (ITA). We assume these players missed because of the strike, so they will not be counted this time as having missed moves -- but better get your moves in by April 21....

Deadline (revised) for SPRING, 1903 moves -- Noon, Tues., April 21.

QCC (Regular Diplomacy Game #22) -- GERMAN ORDERS DERAILED BY MAIL STRIKE, DELAYING WAR!

GM Note -- Moves for SPRING, 1902 received from all players but Schelz (GER). Since George lives in the N.Y. area, we assume his moves were delayed by the post-strike back-log, and are extending the deadline to April 21 accordingly.

Deadline (revised) for SPRING, 1902 moves -- Noon, Tues., April 21. (NOTE: If George's moves come in before this issue is finished, we'll print the S'02 moves in this issue. So check page one and page 6 to be sure.)

QDC (Regular Diplomacy Game #23) -- ONLY TURKEY FEELS LIKE FIGHTING IN WAR WHICH (APPARENTLY) NO ONE WANTS!

GM Note -- Moves for FALL, 1901 received only from Dean (TUR). This means Fong (A-H), Reiter (ENG), Ferris (FRA), Riley (GER), Grayson (ITA), and Cowan (RUS) all missed the deadline! We doubt very much that all of you missed because of the mail strike, but we feel sure some of you were affected by the strike, and so the rest of you get an undeserved break. Come on, people -- let's start making the deadlines. We extended the SPRING, 1901 deadline to accomodate some of you move-missers, and you're at it again the very next season! Better all get your moves in by April 21, or your country will have had it, and you will be in danger of replacement....

Deadline (revised) for FALL, 1901 moves -- Noon, Tues., April 21.

PQC (Revisited) --

Positions at end of WINTER, 1911 -- A-H: A's Bul, Tri, Vie, Gal, Sil, Boh, Tyo, Mos, Ber, StP, Swe; F Alb (12); FRA (Tretick): A's Mar, Bur, Edi, NAF; F's NAT, NTS, WMe, Lyo (8); GER: A's Mun, Kie; F's Bal, Nwy, Hol (5 -- 1 short next year); ITA (Reiter?): A's Arm, Con, Tun, Pie; F's Tyn, Rom, Ion, Gre (8).

And remember, Deadline for S'12 moves is Noon, Tues., April 21.

Miscellaneous (Cont. from page 1)

take heed -- protect yourselves against future "acts of God" (strikes, illness, loss while in mail, etc.) if you care at all about the game you're in -- and if you don't care, why did you join in the first place? We will not postpone games in the future for wildcat strikes -- we will postpone games only if there is a nationwide walkout -- so be forewarned. ##### DIPLOMANIA #29 and THE GAMESLETTER #20 were mailed out just after the last issue of DIPLOPHOBIA -- and the day before the mail strike began in New York -- so hopefully you will all receive your copies.... THE GAMESMAN #5 was mailed out a week ago -- all sorts of goodies therein (50¢ ea., 4/\$1.50 for everyone but G.B. Regular members, for whom the price is 40¢ ea., 4/\$1.25). ##### Still a bit more time left for DIPLOMANIA Symposia for issue #30 (which is being held awhile to give everyone a chance to get #29 and respond thereto) -- Subjects: "Propaganda & Press Releases (Use & Mis-Use of)", "Missed Moves, Stand-Bys, and Replacement Players". (The Symposium on "Brannan's Rule, Convoys, and Multi-Coastal Provinces will be held over to DPMA #31.) If you haven't sent in something for the symposia, do so now -- speak up, while you have the chance.... ##### AUX ARMES! #8 out when replacement for FRANCE is found.

Games-Bureau Diplomacy Division -- Rod Walker is Chief of the Games Bureau Diplomacy Division, and only he may speak for it. He will continue to serve in this capacity for as long as he wishes, subject only to the pleasure of the Bureau Chairman. It is hoped that recent attempts to disrupt the orderly formation of the Division will cease -- the forces of evolution are in motion, and what will emerge should be an important element in Postal Diplomacy for many years to come. Dissent is an integral part of any such evolutionary process, but such dissent should be constructive rather than destructive.

Boardman Numbers -- The Boardman Numbering System is an individual, rather than a Division, responsibility. The system is not now and never has been associated with the Games Bureau Diplomacy Division. The fact that it is currently being administered by Rod Walker, who also happens to head the Division, is nothing more than a coincidence. It was started by John Boardman, later passed to Charles Wells, who eventually turned it over to John Koning, who in turn passed it on to Rod Walker. We do not condone the starting of a second numbering system -- which can only lead to confusion. Rod is assigning numbers to all games which are considered "Regular" by their GM's (within reason) -- but he is also carrying on the associated function (which has been a part of the system ever since it was started by Boardman) of keeping track of players and player changes in the games which are included in the system -- so he also needs rosters of players in new games, plus information concerning player changes in games in progress. (And we might note here that we are keeping track of the numbers for Variant games -- in fact, Rod and previous keepers have been even more generous than we in calling games "Regular", as evidenced by the fact that several kinds of games (Calhamer 5-Man Games, e.g.) are included in both systems!)

DIPLOPHOBIA is tri-weekly, and is free to players in games within, 10/\$1.25 to others (10/\$1.10 to G.B. Regular members). Single copies are 15¢ ea. (12¢ ea. G.B.). The accompanying subzine, THE EXCHANGE, is free to DIPLOPHOBIA recipients.

Issue Number 8 -- Diplobourses for Games QAC, QBC, QCC, QDC, QEC -- Bountiful Boodle!

All Bourses -- When sending in orders conditional upon the "market" price, be sure to make it clear whether currency is to be bought/sold when market reaches a given level, or at a price not less than a given level. If orders are not clear, we will execute when market reaches stated level....

Remember, it is not necessary to send in orders every time, but you must let us know at least once per every three sessions that you are still interested -- if we fail to hear from you for three consecutive sessions, you will be dropped, thus saving a bit of paperwork for us. If dropped, you may re-enter later -- but if you miss three consecutive sessions a second time, you will receive no further chances.

For those Bourse players who don't subscribe to DIPLOMANIA, we would like to note that more on the Bourse appeared in DIPLOMANIA #29 -- send us a 6¢ stamp and we'll send you an extract of the Bourse material.

*Some of you will note new opening Dd balances, which reflect errors caught through application of revised BUY/SELL Formulae:

BUY -- $X = na / .1/(n-1)/27(n)$ or, $X = na / .05(n^2-n)$

SELL -- $X = na - .05(n^2-n)$
